Innovative Skills in the  
Textile Sector

Co-funded by the  
Erasmus+ Programme  
of the European Union

# Welcome to the 5th Newsletter Technical Meeting

ECOTEX educational platform, which includes educational material entitled "Sustainability Expert in the field of clothing - textiles" is the major concrete result of the project. The educational material is divided into 4 sections:

Sustainability Management  
Environmental Performance  
Corporate social responsibility  
Circular Economy

The Lead Partner of the project presented the implementation process, quality plan and financial issues.

The material is hosted on the Udey training platform where those interested can subscribe to access both the training material and the training videos with subtitles, as well as examples of good practices.

The interest that has been expressed both by workers in the clothing - textile industry and by students exceeds all expectations.

From the beginning of March 2020 to July 28th, more than 3,208 people from 121 countries have registered and attended the courses, evaluating the platform with a score of 4.3 with an excellent score of 5. Also on social media (twitter and facebook) the project has more than 830 followers so far.

Access to the training platform can be done from the following link:

<https://www.udemy.com/course/textilesustainabilityexpert/>

The system is very easy to use and there are detailed registration and monitoring instructions.

Alternatively, those interested can enter the site of SEPEE [www.greekfashion.gr](http://www.greekfashion.gr) and choose the banner of ECOTEX "Sustainability Expert".

## Multiplayer events

The most part of the multiplayer events were through webinar a cause of coronavirus19 except SEPEE in Greece which was on 25th in January during the Athens Fashion Trade Show with 88 attendees, the rest of the countries do online events, CITEVE in Portugal on 18th June with 102 attendees, RTU in Latvia 02th of July with 88 attendees and TEXTFOR on 8th July with 142 attendees. Total of multiplayer events attendees 420 people.

## Last on-line meeting

The 6th technical meeting was organised on-line on 15/7/2020. The main objective of the meeting was to organise the final stages of the project and in particular:

- the internal evaluation procedure
- the preparation of the final reporting including the financial closure of the project.
- The lead partner informed the project partners about all exceptional measures due to Covid-19 and how these affect the progress and the reporting of the project.
